## Teen Parent Program FAQs

*Q. How soon can I return to school after my delivery?*

A. If you are returning with your baby, you will need to wait 6 weeks. It is important that you spend the first weeks bonding with your baby and recovering from delivery.

Make sure you receive your postpartum check-up 6 weeks after delivery.

*Q. When can I visit my baby in the Child Development Center?*

A. You may visit during lunch. While the children have two breaks during the day, we discourage visits during the breaks because some children may become upset with the frequent interruptions to their day. We ease the pain of separation anxiety by allowing the infants/toddlers to bond with their daytime caregiver throughout the day with limited interruption. For further clarification, the Administrator will address the matter one-to-one with parent and child.

*Q. Whom do I see if I have a concern or question about the Child Development Center?*

A. The Child Development Center Administrator will discuss any concerns and answer any questions you may have about the Child Development Program.

*Q. When can I give medication to my child?*

A. Medication should be administered as directed by the child's physician. Please schedule doses at times that the child is not normally napping. All medication (whether prescription or over-the-counter) must be administered in

the presence of either the Principal or her designee. All prescribed medication must have an Authorization for Medication form completed and signed by your doctor before medication can be given. A log will be kept of all medications given while at school.

*Q. What is the role of the school nurse?*

A. The school nurse provides health counseling, evaluates and assesses health needs, monitors a student's compliance with state immunization laws, assists with dispensing medication in accordance with the physician's orders, works as part of the educational team promoting wellness, as well as a resource person. The nurse is available Monday through Friday, from 9:30 am until 3:30 pm, in room 415.
